

WHAT IS YOUR LIFE GOING TO BE ABOUT?

So you don't really believe all the hype about spreading "freedom" and "democracy" to the Iraqis, BUT you think joining the military is your best "career option," your only way to pay for college.

Murder and torture are not career options. *This* Iraqi child is not worrying about a college degree.

On a deeper level, what's wrong with a country that gives so many youth only 3 options: poverty, prison, or the military?

If you are a high school senior, then most likely you were only 10 years old when September 11 happened and Bush declared war on the world. This unending "war on terror," which Obama is continuing, is all that most young people know. It may be hard to imagine, but ANOTHER WORLD IS POSSIBLE.

Recruiters love to talk about courage and discipline, struggle and sacrifice, about how the Military will give you a "life with a purpose". Yeah, but what *kind* of purpose? You can fight for oil, you can fight for a system that only benefits a few and causes misery for the rest of the planet, or...YOU CAN FIGHT FOR A BETTER FUTURE FOR HUMANITY!

We need a culture of defiance and resistance in high schools across the country. Here are three things you can do now:

1. Protest the recruiters when they come to your school or community. Take on their lies with the truth. Wear ORANGE, the color of RESISTANCE.

2. Bring the "We are not your soldiers" tour to your school. Speakers from the World Can't Wait movement and veterans from the wars in Iraq and Afghanistan have been bringing an exciting dose of reality into the schools and challenging students to act.

3. Organize protests and walkouts on Oct. 6, the 8th anniversary of the war in Afghanistan.

THE MILITARY NEEDS FRESH YOUNG RECRUITS

They're in our high schools. They're on our college campuses. They're in our cities. Preying on the youth. Lying. They roll up in their hummers, telling you to be "strong, army strong" and making war seem like a video game.

But this game is for real.

Ask this guy...

Ask the over 1 million dead Iraqis.

Ask the 5 million that have been forced from their homes

WHAT ARE THEY RECRUITING FOR? MURDER, RAPE, TORTURE, WAR!!!

- If you don't think that American lives are worth more than the lives of people in other countries...
- If you haven't bought into the propaganda that these wars in Iraq and Afghanistan are somehow OK now that Obama is president...
 - If you want to bring this war machine to a grinding halt right now...

**In your high school cafeteria...in the career center...
at the mall...in your city...**

**SHUT DOWN
THE MILITARY RECRUITERS!**
